# CONTROL UNIT

## LED INDICATOR GUIDE

<b>STATUS</b>	<b>INDICATOR</b>
Power On	Blue Light
Power Off	Turns Red to power off
Charging	Red Light
Charging complete	Blue Light
Pairing Mode	Red And Blue Light flash alternately in pairing mode
Low Power	Flashing Red Light
Connected	Blue LED flashes twice every 7 seconds

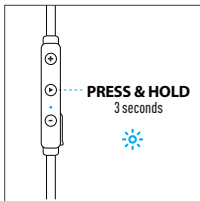

## GETTING STARTED

To use your Jarv NMotion Exceed Bluetooth Stereo headset, please follow the steps below:

1. Ensure your Bluetooth headset is fully charged.
2. Pair your Bluetooth headset to a Bluetooth-enabled device prior to use. (See Pairing your Headset instructions)

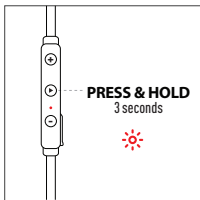

### Powering On the Headset

Press and hold down the Multi-Function button for **3 seconds** until a **blue light** appears.

### Powering Off the Headset

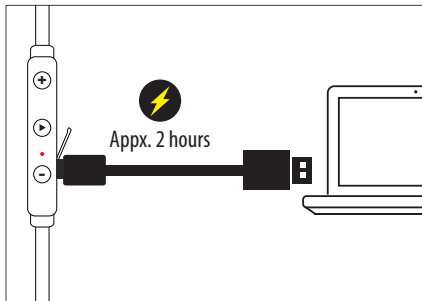

Once powered on, press and hold down the Multi-Function button for **3 seconds** until a **red light** appears.

## CHARGING YOUR HEADSET

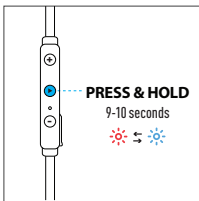

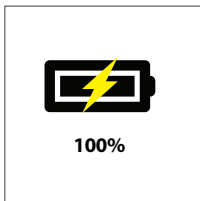

Your Jarv NMotion Exceed headset comes with a built-in rechargeable battery and a Micro USB charging cable.

**Charge fully before use.** The battery indicator will turn red when charging and turn Blue once charging is complete. Initial charging time is approximately **2 hours.**

## PAIRING YOUR HEADSET

In order to use your Jarv NMotion Exceed Bluetooth Stereo Earbuds with a Bluetooth-enabled device, you will first need to pair the two.

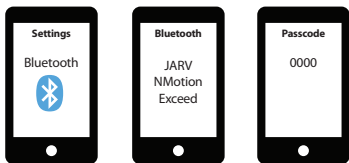

1. Begin with the headset being powered off and fully charged
2. Place the headset and the mobile phone where they are easily viewable and no more than 3ft. apart.
3. Press and hold the Pairing button (multi-function button) for approximately **9-10 seconds** until the red and blue light flash alternately which indicates that you are in Pairing Mode.
4. Activate your mobile phone's Bluetooth pairing function.
5. Set the mobile phone to search for Bluetooth devices within range and select "**Jarv NMotion Exceed**" from the list of devices shown.

6. When successfully paired the LED indicator will flash Blue twice every 7 seconds.

(If you are prompted for a Passcode enter "0000" and press "ok" to pair the headset with your mobile phone)

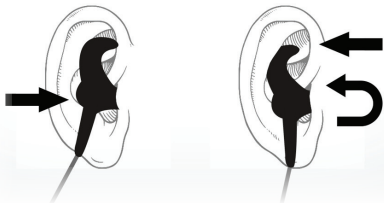

## CONNECTION WITH THE LAST PAIRED DEVICE

When powered on, the headset will automatically connect with the last successfully paired device. If the connection is successful, it enters standby mode. If the devices fail to connect within 5 minutes after the pairing has been initiated, the headset will turn off automatically.

## WEARING YOUR HEADSET

The Left / Right indicator is located on the inside of the silicone earhooks.

Because everyone's ears are different, be sure to try all sizes of earbud tips. Only with the right size earbud tips will you enjoy a snug fit & premium sound quality.

## **CALL MODE**

### **Answering a Call**

Short Press the Multi-Function button once to accept the call, or answer the call normally via your mobile phone.

### **Rejecting a Call**

Press and hold the Multi-Function button for 2 seconds to reject the incoming call.

### **Ending a Call**

Short Press the Multi-Function button to end the call or end the call directly from your mobile phone.

### **Redialing a Call**

Press the Multi-Function button twice to redial the last dialed phone number on your mobile phone.

### **Voice Dialing**

Once connected, press and hold the multi-function for 1 second to access voice dialing (Bluetooth device must support this feature)

## MUSIC MODE

### **Adjusting the Volume**

Short Press the Volume + to increase volume or Volume - to decrease volume. You can also adjust the volume on your handset or device

### **Play/Pause Music**

Once connected, Press the Multi-Function button once to play music. Short Press the Multi-Function button to pause music.

### **Previous Track**

In music mode, Press and hold the "Volume -" key to select the next track.

### **Next Track**

In music mode, Press and hold the "Volume +" key to select the previous track.

**Multi-Connect Mode** (Simultaneously connects to 2 devices)  
For the Multi-Connect mode, the two Bluetooth devices have to be paired separately with the headset.

1-Follow the "Pairing your headset" instructions to pair your first device to your Jarv "NMotion Exceed". Once successfully paired, disable the Bluetooth function on your first device and Power Off your headset by pressing down the multi-function for 3 seconds until the red light appears.

2- Follow the "Pairing your headset" instructions to pair and connect your second device to your Jarv "NMotion Exceed". Once the second headset is connected and paired, go back to the first device, turn on the Bluetooth function and select "Jarv NMotion Exceed" to connect.

Both Bluetooth devices are now connected to "Jarv NMotion Exceed" and you will be able to manage the connection from either devices.

**Note:**

1-You can only connect to a maximum of two devices in Multi-Connect mode.

2. Although you can pair two devices, only one of them can play music from the headset at a time.

3. To switch between the two devices, simply pause the music on the first device and play music on the second device or vice versa.

## TROUBLESHOOTING

If you are unable to connect your headset and mobile phone, please try the following:

Ensure that your headset is fully charged and powered on.

Ensure that the headset is paired with your mobile phone.

Ensure that your mobile phone's Bluetooth feature is activated. Please refer to your mobile phone user's guide for specific instructions.

Ensure that the headset is within a 30 ft. range of your mobile phone and that there are no obstructions, such as walls or other electronic devices, between the two.

If the above steps do not solve your problem, please remove your mobile phone battery for a short time and recharge the headset. Repeat the troubleshooting sequence.

If you are experiencing Bluetooth connection issues - KEEP THE MUSIC DEVICE AT OR ABOVE WAIST LEVEL ON YOUR RIGHT SIDE, THE SAME SIDE AS THE HEADPHONE ANTENNA. Your body is 80% water. Water blocks low power radio signal like Bluetooth. In the absence of nearby ceilings for signal bounce, your body can block the signal between the music device and the headphones. When outdoors or at the gym the

use of armbands or wrist-worn music players are recommended. Having your music player in your pants pocket below waist level may produce varied results as your body can get between the music device & headphones.

## WARRANTY

At Jarv, we are dedicated to making the best quality product. To back this up, your Jarv Bluetooth earphones are warrantied for One (1) full year from the date of purchase. Please visit our website **[www.jarvmobile.com](http://www.jarvmobile.com)** for more details.

## SAFETY INFORMATION

Check local laws regarding the use of mobile phones and headsets while driving.

If you use the headset while driving, ensure that your attention and focus remains on the road and you drive in a responsible and safe manner.

Never allow children to play with the headset, as the small parts may be a choking hazard.

Observe all signs that require an electrical device or RF radio product to be switched off in designated areas. These could include hospitals, airplanes, blasting areas, and potentially explosive environments.

Never mount or store your headset over an air bag deployment area, a serious injury may result when the air bag deploys.

Do not open or mutilate the built-in battery.

Dispose of batteries according to local regulations. Do not dispose as household waste.

## CARE AND MAINTENANCE OF YOUR HEADSET

- i. Consider turning your headset off before placing it in your pocket or bag. If the Power button is accidentally activated, your mobile phone may place an unintended call.
- ii. Do not expose the headset to excessive moisture or humidity, as it is not waterproof, it is rated IPX4 water-resistant and can withstand moderate sweating and moisture.
- iii. Do not use abrasive cleaning solvents to clean the headset.
- iv. Do not expose the headset to extreme temperatures. The best storage temperature range is from 40-80 F, otherwise, the life of the headset will be affected.
- v. Do not dispose of the headset in fire as it this may result in an explosion.
- vi. Do not bring your headset into contact with sharp objects as this will cause scratches and can damage the headset.
- vii. Do not attempt to disassemble the headset, as it does not contain serviceable components.
- viii. If you do not use the headset for long periods, be sure to store it in a dry place, free from extreme temperature conditions and dust.

## PRODUCT SPECIFICATIONS

### Basic Specs:

Model No. BTHL-450

Product size: 24X0.5X1.33 inches

Weight: 0.63oz (bare unit)

Playing time: Up to 6 hours | Stand by Time: 96 hours

Charging voltage: DC 5 V

Charging interface: MICRO USB

Charging time: 1-2 hours

Charging current: 80mA

Auto-shut-off: 5 minutes

Audio transmission: Support APTX

### Battery:

Battery Specs: 3.7V, 60mAh lithium-ion battery \* 2

Battery life: 300 times (discharge capacity $\geq$ 80%)

Actual performance may vary due to the user's habits, different modes of operation, and mobile phone settings. This manual is for reference purposes only. The specifications and design of the headset may change without prior notice. Actual product may differ slightly from the image on the packaging

## WARNING AND PRECAUTIONS

**WARNING:** To prevent fire or shock hazard, do not expose this unit to rain or moisture.

**WARNING:** Do not place this unit directly onto furniture surfaces with any type of soft, porous, or sensitive finish. As with any rubber compound made with oils, the feet could cause marks or staining where the feet reside. We recommend using a protective barrier such as cloth or a piece of a glass between the unit and the surface to reduce the risk of damage and/or staining.

**WARNING:** Lithium batteries, like all rechargeable batteries are recyclable and should be recycled or disposed of in normal household waste. Contact your local government for disposal or recycling practices in your area. They should be incinerated since they might explode.

**NOTE:** If you suspect your battery may be dead after several attempts to charge, please visit **[www.jarvmobile.com](http://www.jarvmobile.com)** for support.

Never disassemble the unit or attempt to remove the battery as that could cause leakage of an electrolyte substance.

## FCC WARNINGS

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protections against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.
